Jacquelin Perry Research Day

Join us as we celebrate the breadth and depth of the research that is being conducted within the laboratories and clinics of USC’s Division of Biokinesiology and Physical Therapy and the USC Institute for Integrative Health. This day, dedicated to scientific inquiry, was named in memory of former faculty member and physical therapy pioneer Dr. Jacquelin Perry, who was a groundbreaking clinician and researcher in the fields of orthopedic surgery and physical therapy.

When: Thursday, April 14, 2016
Where: Lawn Behind the Broad & Zilkha Buildings, USC Health Sciences Campus

Schedule:
- 11:30 AM  Lunch
- 12:00 PM  Poster Viewing Session
- 1:05 PM  Raffle Drawings for BKN & DPT Students
- 1:15 PM  Announcement of Jacquelin Perry Research Day Award Winner
